[margiel@rangesfn.com.au](mailto:margiel@rangesfn.com.au)

Margie is excited to be part of the team at Ranges First National in Belgrave — a vibrant community she's proud to call home and now represent in her professional career. With a genuine passion for both property and people, she brings valuable insight gained through personal experience, having bought and sold her own family homes and investment properties. This firsthand perspective allows her to truly understand the needs of both buyers and sellers.

Her journey into real estate wasn't by chance. She has been a keen property investor for many years, navigating the market through various cycles and learning the importance of strategy, and solid advice. This has given her a deep appreciation for the challenges and opportunities that come with buying and selling — whether it's a first home, a family move, or an investment decision.

One of the things she loves most about real estate is the data. Margie closely follows local market trends, analyses buyer behaviours, and keep a sharp eye on what's driving change in the local area. This analytical approach helps her provide clients with clear, up-to-date advice grounded in facts, not guesswork.

At the heart of what she does, though, is people. She is a firm believer that real estate should be approachable and transparent. Margie is here to listen, guide, and support you through every step of the process — with honest advice, a friendly attitude, and a real commitment to achieving great results.

Whether you're considering your next move or just want to understand what your property is worth in today's market, Margie would love the opportunity to help. Let's have a chat — and turn your property goals into a reality.
